ABOUT THE APP

The Solo Mas App is a mobile travel app that connects to Carnival enthusiasts near you! It is designed to link solo masqueraders, feters, and spectators in an effort to heighten ones' overall Carnival experience. By facilitating the locating of like-minded travelers and removing the concern of "playing mas alone", we encourage individuals to explore various Carnivals as well as its cities' offerings - in turn, supporting local, state-side, and international Carnival travel.

In addition to locating others, the Solo Mas App provides:

- A public feed for posting
- A list of Carnivals by continent
- A list of events for respective Carnivals
- A list of services for respective Carnivals
- An online chat feature
- Gamification features
- Group forums
